Congratulations your team has qualified for the field of twelve (12) teams competing in the 2012 The Dominion Men's NOCA Championship at the Soo Curlers Association in Sault Ste. Marie from February 5-12, 2012.

The title sponsor of this event is The Dominion, Canada's Trusted Insurance Company, and a great supporter of curling both in Northern Ontario and across Canada.

### **CANADIAN CURLING CHAMPIONSHIP:**

The winner of The Dominion 2012 NOCA Men's Provincial will represent Northern Ontario at the 2012 Tim Hortons Brier to be held March 3 - 11, 2012 in Saskatoon, SK.

You will be provided with playing uniforms by the CCA.

All details will be discussed at the team meeting following the final game of The Dominion 2012 NOCA Men's Provincial, and all team members must be present to sign forms and to be sized for on-ice uniforms. This meeting will be held at the Soo Curlers Association in a designated room and conducted by a NOCA representative.

### COMPETITION FORMAT:

This event is open to the twelve (12) teams who have qualified to compete for a chance to represent Northern Ontario at this year's Tim Horton's Brier in Saskatoon, SK.

The event will be a twelve (12) team round robin competition with a page playoff to declare a champion.

### STONE SELECTION, PRACTICE & LAST STONE ADVANTAGE:

#### ROUND ROBIN PORTION

The team listed first shall have top of the scoreboard color and practice first, beginning thirty (30) minutes prior to the posted draw time.

Last stone advantage in the first end (hammer) will be decided by a draw to the button following each team's ten (10) minute practice. Within one (1) minute following the pre-game practice, a player from the team will throw a stone (full sweeping allowed) and the closest draw to the button between the two teams will receive last stone advantage in the first end. For this competition, each player on a team must deliver a minimum of two (2) draw shots for last stone advantage during the event. The draw to the button shall be played towards the home end. A team utilizing a fifth player must have a minimum of four (4) different team members throw the draw for hammer during the event. Should both teams record the same score in distance, the team with the better Average Draw Shot (see Competition Rules # 7) distance to that point will have last stone advantage. Prior to the first game, OR any game where the average draw shot distance is the same, ties in draw shots distance will be decided as follows:

- a) If the first team covers the button or records a distance of 185.4 cm, a second player from that team will deliver a draw to the button.
- b) If the second team records the same first throw distance as their opposition, a second player from that team will draw to the button.
- c) If the second player draw shot distances are the same, the team practicing first will toss a coin and the team practicing second will call. The winner of the coin toss will have last stone advantage in the first end.

#### PAGE PLAYOFF

Following the conclusion of the round robin competition and all tie-breakers, the four (4) teams shall participate in the Page Playoff process. A team finishing clearly ahead of another team **will gain** last stone advantage (hammer) in any Page Playoff games (except for the Final – see “notwithstanding” below). “Finishing ahead” means there is a difference in the win/loss column of the respective teams. The highest ranking team **will also have** choice of stone handle colour from all stones used in the event. (a full set of stones must be chosen)

When the round-robin win/loss record of the two teams involved in a Page Playoff game(s) (except for the Final – see “notwithstanding” below) is the same, the team who won the game

# Competitor's Guide – 2012

## The Dominion Men's Championship - PROVINCIAL

---

between the two during the round robin shall have choice of either last stone or colour **but not both**. In the case of games between teams involved in unsolvable ties, the team with the better average draw shot distance will have choice of either last stone or colour **but not both**.

**Important:** Notwithstanding the two previous paragraphs, if the second ranked team defeats the top ranked team in the 1 versus 2 Page Playoff Game, the second ranked team will have the choice of last stone advantage OR choice of stone colour for the final. Should either of the top two ranked teams face the third or fourth ranked team in the final, they would have both last stone advantage AND choice stone colour.

Immediately following the conclusion of the round robin portion and all tie-breaker games, and the final four playoff positions have been determined, each team involved in the next scheduled playoff game shall be asked to attend a short meeting called to order by the Head Umpire to select their choice of stones (following the protocol noted above). Each team shall be allowed a maximum of 15 minutes to make its selection. Failure to comply shall result in a set of stones being assigned. Immediately following the conclusion of any playoff game, the same process shall be implemented again with both teams in the next scheduled playoff game. These short meetings will be held within 15 minutes of the conclusion of the game and shall involve the coach and one other player. In all playoff and tie-breaker games, the team delivering the last stone in the first shall end will practice first. A team is allowed to throw its own stones during practice and not those of the opposition.

### **TIE-BREAKER DRAWS**

Teams tied for a playoff position with the same record after the round robin will be involved in tie-breaker games. **The umpire will make all decisions with regard to the administration of all tie-breakers.** Additional information relative to tie-breakers and sheet assignments will be discussed by the umpire with the teams involved after the last game of the round robin.

In all tie-breaker games, the team that won the round robin game between the two shall have choice of either last stone (hammer) or color, **but not both**. All teams shall use the complete set of rocks on the sheet assigned to the tie-breaker game(s).

### **TEAM RANKING:**

A team's rank for tiebreaker scenarios will be based on the outcome of the round robin game between the two teams. If the tiebreaker includes three or more teams and is insolvable based on the outcome of the round robin games, the ranking will be based on the best 8 of 9 pre-game draw shots to the button for last stone advantage. The least accumulated distance shall receive the highest ranking and so on until ranking is completed. This ranking will be in place until the tiebreakers among the insolvable teams has been determined.

## Competitor's Guide – 2012

### The Dominion Men's Championship - PROVINCIAL

---

When 2 or more teams are tied with identical accumulated distance, the tiebreaker process shall be the two best draws to the button for last stone advantage, in order:

- The team, whose skip is the least distance from the tee as compared to the other tied skips, shall be ranked higher.
- If the skips are tied: the third with the least distance from the tee as compared to the other tied thirds shall be ranked higher.
- If the thirds are tied: the second with the least distance from the tee as compared to the other tied seconds shall be ranked higher.
- If the seconds are tied: The lead with the least distance from the tee as compared to the other tied leads shall be ranked higher.

#### **STONE MATCHING:**

The following procedures will be followed with regard to stone matching:

- Only team members and certified coaches, that are recognized as part of the team, will be allowed in the ice area to be involved in the matching of stones or any other team related activity on the ice surface at any time prior to or during the Northern Ontario championship.
- The process of matching stones cannot involve any equipment or any device to assist in the matching. The teams can only throw or "run" the stones to determine pairing.
- Players cannot be in the ice area prior to or during a competition without an official present who has been assigned to and is working that event.
- Special consideration and time allocation will be provided for rock matching prior to playoff games.

### **GENERAL INFORMATION:**

#### **ACCOMMODATIONS:**

The host hotel for this event is the Quality Inn. Rooms have been reserved for your team. You are responsible for booking your own rooms. 1-800-567-4421.

#### **DRESS STANDARDS:**

Teams are required to wear appropriate curling apparel. Any clothing that is inappropriate as deemed by the Umpire will need to be replaced.

As a reminder please ensure all footwear is clean and free of any loose debris. The ice-team has spent countless hours preparing the surface and it is unfortunate to lose rocks to something that is totally under your control.

#### **CRESTING/SPONSOR IDENTIFICATION**

1. A team participating in a NOCA competition shall be allowed to wear non-competing sponsors' crests. If NOCA sponsor provided clothing is supplied, players are asked to wear such clothing either during games or off-ice.
2. The NOCA cresting rules allow for all teams to wear non-competing sponsors' crests. Any competing sponsors' crest will be deemed non-conforming and you will be asked to remove or cover it for the duration of the event.

#### **OFFICIAL OBLIGATIONS:**

A member of each team may be called upon to offer special thanks to the Committee, the sponsor and the NOCA at different functions during this event. You are encouraged to cooperate and participate.

#### **MEDIA RELATIONS:**

The media may be represented at this event. They will be located in the building but will not be allowed access to the dressing rooms. They will have access to you through the host committee who will approach you with any request for interviews. We ask that you cooperate with the media by granting interviews and answering questions when requested.

However a word of caution is offered – make certain that you do not make reference to anything that you do not want quoted. Also, if you have any problems or complaints, express them to the appropriate official and not the news media. Remember, there is no such thing as an "off the record" comment.

#### **ATTENDANCE AT THE CHAMPIONSHIP:**

All players must arrive at the Championship at the designated time, attend all functions and remain at the event until they are eliminated. Any player leaving the competition without prior authorization will be suspended from NOCA competitions for the following year.

### **SCHEDULE OF EVENTS:**

The official draw appears at the end of this guide. It will also be posted on the NOCA website, and on [www.playdowns.com](http://www.playdowns.com) prior to the start of the competition. All scores and updates can also be found on this site.

### **CONDUCT:**

Curling is based on a code of ethics, good sportsmanship and personal integrity. Display of emotion, broom banging, etc., which results in damage to any areas or part of the playing surface, players' dressing rooms or any other area of the curling club or hotel will result in suspension for one game. Subsequent infractions will result in suspension for the remainder of the championship. You are expected to follow this tradition and the rules of the game throughout the competition.

The consumption or use of alcoholic beverages by any player or coach at any time during a Junior or Bantam competition is strictly prohibited. This rule shall extend from the entire first day to the entire final day of play.

### **PENALTIES AND RULE ENFORCEMENT:**

The CCA Rulebook has a number of different sections. You should take note of the section titled Rules of Curling for Officiated Play, and the NOCA Special Rules. Every rule has an enforcement procedure that will be followed at this Northern Ontario Championship.

**It should be noted that there are no warnings for any infraction unless it is stated in the rulebook or brought to your attention by the Umpire prior to the start of the competition.**

### **ATHLETE DOPING:**

The Canadian Centre for Ethics in Sport may conduct unannounced doping tests.

If you have any medical issues and/or are on any medications that may cause you to fail a drug test it is your responsibility to notify the organization prior to the start of competition.

**"I did not know" is not a viable answer. It is your responsibility to know what you are taking.**

The Canadian Anti-Doping Program (CADP) went into effect on January 1, 2009 and details can be reviewed or downloaded at <http://www.cces.ca>

**If you need assistance or have questions about any medications or a Therapeutic Use Exemption (TUE) please contact Karen Watson [watsonkaren@shaw.ca](mailto:watsonkaren@shaw.ca). (Karen Watson RN, MScN CCA Health & Doping Control Consultant)**

Each athlete must also be a fully paid member of a member facility within Northern Ontario and have paid their annual NOCA per capita fee.

#### **ELIGIBILITY AND REGISTRATION**

1. A player shall be eligible to play in an NOCA competition whether or not it leads to a Canadian Championship provided he/she has paid the approved NOCA per capita fee and is a member of a NOCA member facility immediately prior to and at all times during the competition, and meets the following criteria:

a) Is a bona fide resident within the defined geographical jurisdiction of the NOCA on October 1<sup>st</sup>, 2011 and at all times thereafter to the end of the competition. (A bona fide resident is defined as one who lives in a house or dwelling within the jurisdiction of the NOCA and is a resident or citizen of Canada). The NOCA reserves the right to verify residency of any athlete competing.

The only exception to this clause shall be members of the Canadian Forces, University or College students who are attending school on a full time basis outside their Province of permanent residence or in the Province where the athlete attends school, as well as others who apply for and receive an exemption from the NOCA Board of Directors.

c) All competitors in events leading to a National Championship must be residents and/or citizens of Canada. Exception: Men's and Women's Championships, all competitors must be residents AND citizens of Canada.

d) Teams may be formed of any players from across the entire NOCA regions/jurisdiction. One member of the team must belong to the member facility in which the team is registered and actually have a domicile in that Region. All teams are responsible to have the member facility sign their registration form accepting the affiliation of their team.

A team consists of four players and does not include the fifth or coach.

2. For competitive play, it is the responsibility of the team to complete and submit the following forms to the NOCA office, one (1) week prior to the start of the event:

a) Team Member Registration and Member Facility Certification Form

b) Participation Agreement

c) Consent form and proof of age for athletes under the age of 18

3. All competitors of minor age must submit a parental consent form with their official team competitive entry form.

### LATE TEAM ARRIVALS:

If a team fails to arrive on time to play its first game or any subsequent games in this competition, the team will forfeit the game(s). Illness, accident or extenuating circumstances will not be considered unless the number of teams involved makes it impossible for the competition to continue. If a team arrives too late to participate in the scheduled pre-event practice they will forfeit that right. All issues of late arrival shall be reviewed by the Head Umpire in consultation with the Competition Chairman or delegate prior to final determination. The only exception to the above rules will be severe weather that was not predicted. (i.e. Freezing rain or severe snowstorm)

### DEFAULTS:

1. Where a qualifying team in a Region or Challenge Round is unable or unwilling to continue in a competition, the team representative shall notify the NOCA Executive Director to this effect, within twenty-four (24) hours after qualifying for the next level of competition. That team will not be entitled to the position, rights, privileges and awards as it has defaulted and may be suspended. A runner-up team from that competition shall be entitled to the position, rights, privileges and awards of the team that has defaulted.
2. Each member of a team that defaults during any level of competition, subject to paragraphs 3 and 4 below, may be suspended. The length of the suspension will be determined by the NOCA Competition Committee on a case-by-case basis.
3. The NOCA Executive Director shall notify each member of a defaulting team in writing of such suspension and the method of appealing the suspension. A suspension may be appealed in writing and/or in person to the Board of Directors within a period of two (2) weeks from notification of suspension and in such event the suspension shall be lifted until the appeal is heard.
4. The suspension shall not apply to the level of competition in which the default occurred if, in the opinion of the Umpire-in-charge or Head Umpire of the NOCA, the team in question has a reasonable explanation for a default.

### START OF EVENT:

2. At all levels of competition, prior to the start of the first game, the umpire in charge may ask for proof of age.

### TEAM MEETING:

The team meeting for this event will take place **Sunday February 5<sup>th</sup> at 10:15 a.m.** At least one member of your team must attend the team meeting with the Umpire, other NOCA Officials, and the host committee as scheduled and before play commences. At this time any questions your team may have on the draw, officiating or rule interpretation will be discussed.

**At least one player or coach from your team shall attend the team meeting, otherwise your team will forfeit last rock advantage for subsequent non-playoff games.**

### **PRACTICE:**

1. All events will have a pre-competition practice session of ten (10) minutes per team per competition sheet as scheduled. Each game shall also have a pre-game practice session of ten (10) minutes per team which starts thirty (30) minutes prior to the scheduled draw time.
2. At the discretion of the Head Umpire or Umpire in Charge, a team having a bye in a competition shall be entitled to a maximum of thirty (30) minutes practice on a sheet of ice other than the sheet on which they are next scheduled to play, if ice is available.
3. A team receiving a bye due to default will be permitted to practice on the sheet of ice that they would have played on for the length of time that the game would have taken.

### **AVERAGE DRAW SHOT:**

The NOCA has adopted the new Average Draw Shot format for all competitions. This format will calculate each team's average draw shot for hammer in each game. After each draw a team will receive a score by adding their total distance of all draws and dividing by the number of games played. (average draw shot distance = total accumulated distance / number of games played) Only the team's first attempt per game shall be recorded for the average draw shot calculation. In all competitions, all players on the team must take at least one (1) attempt per competition for last stone advantage. In any event that requires teams to potentially play three (3) games or less, the team must use a different team member for each attempt until all players have made at least one (1) attempt or the team does not have any other games to play.

### **STONE SELECTION:**

Teams shall not be permitted to select stones off other sheets of ice at the facility unless during a scheduled playoff format. (Note: Tie breakers are not included in the playoff format)

### **COACHING:**

1. At all levels of competition, coach training will be required. All coaches must be trained as per the table below. Only qualified coaches will be granted access to the ice surface at any point during the competition. Coaches must provide their NCCP number on the team entry form.
  - a) A coach accompanying a team to a Canadian Championship must have a minimum of Competition Coach Certified or equivalent for curling and shall be at least twenty-one (21) years of age.
  - b) A coach is permitted to coach only one (1) team during any competition. This restriction includes any competitions that are run simultaneously at the same place, such as Junior Men and Women. A coach will not be permitted to coach a team in both competitions until such time as one team is eliminated.
